MAHARISHI
INVINCIBILITY INSTITUTE
WORLD LEADING EDUCATION FOR ALL

COMPUTER SCIENCE/ DIGITAL
GRADUATE PROGRAMME
WE ARE LOOKING FOR YOU

alviva HOLDINGS   mictseta

DURING YOUR 1 YEAR WITH US

You will be prepared for a placement in the following programs:

- National Certificate: Systems Support (NQF L5)
- Microsoft Azure Fundamentals
- Cloud Security
- Python Programming
- Administering Windows Server
- Configuring Advanced Windows Server Services

MII in partnership with Alviva Holdings and MICT SETA invites recent IT Graduates who are looking for an opportunity to join the world of work to an exciting Systems Support (NQF L5) graduate programme.

MINIMUM REQUIREMENTS

- Applicants must be South African citizens.
- Applicants must have completed an NQF level 5 qualification or equivalent.
- Applicants must have acquired at least 50% in English.
- Applicants must be unemployed.
- Applicants must be between the age of 18 and 34 years old.
- Applicants must be willing to commit for 12 months.
- Applicants must be African, Indian, or coloured.
- Applicants must be preferably live in the region where the application is processed.
- We can accommodate most disabilities; however, we are not currently able to accommodate potential candidates who are totally blind or totally deaf. (While we are working towards overcoming these constraints, it will not be achievable for the current intake)
- All Applicants will be expected to go through an assessment process.
- Applicants must not have been involved in any MICT learnership.

CONSCIOUSNESS-BASED EDUCATION

Maharishi Invincibility Institute approach to student development is rooted in the Consciousness-Based Education (CBE) methodology. The approach is learner centred, develops self-discipline, an internal locus of control, enhanced intrinsic motivation alongside self-confidence. CBE is a scientifically robust approach for the development of the "whole" student. Every student has tools that are recommended to develop their full potential which includes Transcendental Meditation and Yoga. All students accepted into the programme will be expected to participate in the CBE courses in addition to the technical subjects.
