## WHY CONSCIOUSNESS-BASED EDUCATION?

Everyone has an infinite field of creativity, intelligence and happiness within. Our mission is to help students awaken this field in everyday experiences, and so enrich all aspects of their lives. By integrating the growth of consciousness with cutting-edge knowledge and critical career skills, we nurture the whole person: consciousness, mind, body, and relationships.

Practices that ensure high academic success and enhanced performance are Transcendental Meditation (TM) and the TM-Sidhis programme. TM, practised daily by some of the world's most successful people, optimises brain functioning, intelligence, creativity, learning ability and improves well-being. A daily yoga practice further integrates the brain and unlocks full human potential.

## MII ASSOCIATED ALUMNI

Through our CBE approach to learning, students achieve higher academic success which in turn has translated into a 90% employment rate among our graduates.

We are particularly proud of the over 19 000 graduates, 70% of who are women, who have launched careers in finance, banking, advertising, technology and management consulting, as well as the over 5 000 entrepreneurs who have gone on to start their own businesses. You could be one of them too!

Priority entry into Maharishi Invincibility Institute for Maharishi School Matriculants, followed by opportunities to join the Maharishi International University, USA, going all the way from Grade 8 to Ph.D level in subjects such as Business and Computer Science.
